PVC COATED BOX SCUPPER

PVC Coated Box scuppers are designed to provide properly detailed through wall drainage for 'trap deck' applications. The weldable PVC coating ensures a permanent waterproof seal between membrane and scupper body.

NOTES:

- Copper scupper body and outlet
- PVC coated mouth for weldable membrane connection
- Folded safety edge top

DIMENSIONS:

- Length: 12" (300mm)
- Width: 4" (100 mm)
- Height: 3 1/2" (88mm)
- Outlet Pipe: 2-3/4" (69mm) O.D.
